

# Product Roadmap & Release Management

How DealFlow evolves after launch.

Cherry • DealFlow • Working Document • Version 1.0 • September 2026

# 1. Roadmap Philosophy

V1 is a commercial milestone, not product completion.

Roadmap decisions are evidence-driven and continuously revisited.

## 2. V1

Contacts

Import

Leads

Requirements

Properties

Matching

Follow-ups

Timeline

Pipeline

Today's Attention

Basic documents

Audit

## 3. V1.1

Site visits

Feedback

Deal workspace

Better documents

Notifications

Bulk operations

## 4. V1.2

Automation

Roles/permissions

Approvals

Advanced imports

Integrations

## 5. V1.3

AI extraction

Summaries

Matching assistance

Next-action recommendations

Drafting

Business intelligence

## 6. Later

Builder projects

Units

Channel partners

Payments

Commissions

Multi-branch

Advanced integrations

## 7. Prioritization

Customer impact

Frequency

Strategic fit

Revenue potential

Risk reduction

Engineering cost

Support burden

## 8. Release Discipline

Patch = fixes/security; minor = backward-compatible capability; major = significant change. Use feature flags and staged rollout when valuable.
