

Legal, Privacy & Compliance Readiness

Product-facing legal and compliance framework.

Cherry • DealFlow • Working Document • Version 1.0 • September 2026

1. Required Commercial Documents

Terms of Service

Privacy Policy

Data Processing terms where applicable

Subscription/billing terms

Acceptable Use Policy

Support/SLA terms for relevant tiers

2. Data Governance

Data ownership

Processing purposes

Retention

Deletion requests

Export

Access controls

Subprocessors/vendor register

3. Customer Contracts

Define service scope

Data responsibilities

Confidentiality

Security expectations

Availability/support commitments

Liability boundaries

4. Product Claims

Avoid unsupported claims about guaranteed leads, deals, revenue, AI accuracy or legal outcomes.

Document product limitations clearly.

5. Compliance Roadmap

Start with applicable Indian legal requirements and customer contractual requirements.

As enterprise customers emerge, evaluate additional frameworks/certifications based on actual market demand.
